

## Lasercutting Products & Services

Designing your artwork for muzz is easy, follow these simple rules when designing your artwork and muzz guarantees your finished product will be manufactured exactly as you designed it.

muzz utilises industry leading design software such as Adobe (.Ai), Corel (.cdr), Inkscape and Autocad (.dwg, .dxf). Supplying muzz your vector or raster files in these formats will minimise the production time of your work and reduce the overall cost of artwork design.

Stocked material	Minimum	Maximum
3mm acrylic (silver mirror, some colours)	200mm x 300mm	800mm x 600m
3mm & 6mm MDF	200mm x 300mm	600mm x 900mm

*Larger cutting may be available upon request*

Laser feature	Line Colour	Stroke Width	RGB Colour	Hexadecimal
Vector engraving	Blue	0.01mm	0,0,255	#0000FF
Vector cutting	Black	0.01mm	0,0,0	#000000
Raster engraving	Red	0.01mm	255,0,0	#FF0000
